

1200 Series

Hot Water Pressure Washers

North America's #1 Brand of High-Pressure Cleaning Equipment

Oil-Fired / Gas or Diesel Powered

Your choice of **Briggs** or **Honda V-Twin gasoline** engine or **Kubota diesel** engine provide dependable cleaning power

Hotsy-designed Triplex pumps carry a 7-year limited warranty.

Pressure relief valve protects machine and user from thermal expansion

Heavy-duty trigger gun and wand with insulated cool grips

Simple, easy-to-use control panel includes adjustable temperature control, heavy-duty heater switch and hour meter

Upright, oil-fired burner with stainless-steel coil skin is highly efficient and maintains constant hot water using diesel fuel, kerosene or home-heating oil

Adjustable upstream detergent injection ensures high-pressure sudsing for better cleaning

Rugged roll-cage frame (standard on all 1200 Series models) protects machine's vital components

Rust-proof, non-contaminating polyethylene fuel tanks include fuel gauge in cap

Coil stabilizing strap and heavy-duty bracket prevents coil vibration and secures coil, ideal for trailer-mounted systems

Float tank maintains constant pressure and flow while preventing sediment from entering the machine's components

Heater coil carries a 5-year warranty

Built-in wand holder provides convenient storage

Model 1260SS: 4.5 GPM @ 3000 PSI

1200 Series models are easily adaptable to **trailer-mounted systems**, ideal for mobile pressure washing

Heater coil carries a 5-year warranty

Hotsy-designed Triplex pumps carry a 7-year limited warranty

FEATURES

- Oil-Fired and Gasoline/Diesel Powered/Belt Drive
- 4.5 to 8.0GPM / 3000 to 4000 PSI
- Completely Self-Contained
- Five models with a 2400w generator

* Models include a 2400W Generator

** Models include stainless frame

12V battery is required for all models, but is not supplied

DON'T FORGET THE SOAP!

Hotsy pressure washers clean best when matched with specially formulated Hotsy detergents. Nearly all contain Hotsy's exclusive advanced-formula HCC additives to help prevent scale build-up and to fight corrosion in your equipment. All are highly concentrated, so a little goes a long way.
